

COULDN'T STEAL HIS PRINCESS.

Lieut. Keglevich, Who Once
Eloped with King Leopold's
Daughter, Sought Again to
Rescue Her.

BUDAPEST, Dec. 5.—Details of an unsuccessful attempt of Lieut. Keglevich to rescue Princess Louise of Coburg from the Lindenhof Asylum, near Dresden, are printed here.

Lieut. Keglevich several years ago eloped with the Princess Louise, who is the wife of Prince Philip of Coburg and a daughter of King Leopold, of Belgium. The runaways were hunted down and captured, and the Princess was placed in an asylum.

Lieut. Keglevich was arrested and convicted of having forged the name of Princess Stephanie, sister of his innamorata, to many checks and expending the money to gratify the extravagant tastes of Princess Louise for dress and jewelry.

He was sentenced for four years, but was released a few months ago before one-third of his punishment had been gone through. Once free he declared that Princess Louise was perfectly sane and that it would be his life work to secure her freedom.

Lieut. Keglevich has money and influential friends, and he would have accomplished his cherished plan but for the double treachery of an asylum attendant. The Lieutenant went to Dresden recently to watch the Princess while she was out driving. Her attendant was bribed and promised to assist them and a plan of escape was outlined. It was arranged that the Princess should return to the Lindenhof and meet the attendant next day. The attendant, however, betrayed the secret to the asylum authorities, the plot was frustrated and the Princess is more than ever under surveillance.

PRINCESS LOUISE, WHOM A LOVER FAILED TO STEAL.

TWO MEN VICTIMS OF CAR AT ONE TIME

Edward Boardley and a Friend,
Seriously Hurt When Run
Down by "Dark" Car.

Edward F. Boardley, of No. 423 West Fifty-fourth street, and a friend were knocked down and severely injured by a car in Columbus avenue early to-day.

Walking side by side they were thrown in front of the fender and rolled over and over together for a distance of forty feet. The unusual accident is said to be the first of its kind in years. It was due to the car being without lights.

Mr. Boardley's injuries are likely to prove serious. On arriving at Roosevelt Hospital the doctor there told him that his lacerations were of little consequence, and he was taken home in an ambulance. It was later discovered that he was suffering great pain from his injuries, and a doctor is now in constant attendance.

Boardley and his friend were crossing Columbus avenue when the car struck them, throwing them off their feet and pushing both along the slippery pavement under the fender for a distance of forty feet.

The second man, who is about fifty years old and fairly well dressed, has not been identified, as Boardley has not been able to tell who he is. This man suffered concussion of the brain and may die.

Motorman Eugene Connelly was arrested and taken to the West Sixty-eighth street station, where he was arraigned before Magistrate Pool in the West Side Court.

CIGARETTE CAUSED PRINCETON BLAZE.

Students Formed a Speedy
Bucket Brigade and Saved
Historic Dickinson Hall from
Destruction.

(Special to The Evening World.)
PRINCETON, N. J., Dec. 5.—To the desire of a student for a surreptitious whiff at a cigarette while awaiting recitation is ascribed the origin of a fire which broke out in a recitation room in historic Dickinson Hall, Princeton University, to-day. The students set to work with water buckets and fire extinguishers and smothered the blaze before the fire apparatus arrived. Damage amounting to about \$100 was done to the floor and woodwork of the recitation room.

A few students were gathered in the room awaiting the arrival of one of the professors. None of the young men will talk, but it is thought that one of them lighted a cigarette for a few puffs and hearing that the professor was coming threw it away without looking to see where it landed. It happened to land in a basket of waste paper and in a few moments there was a lively blaze on.

The students acted quickly. All of them who could got fire extinguishers. Others ran for water buckets. One of them, a careful youth, turned in an alarm. They worked silently and expeditiously, and the first intimation the University outside of Dickinson Hall had that there was a fire was when the apparatus arrived. The recitation which was interrupted by the blaze was called later in another class-room. No cessation of the work of the students was caused by the fire, which is likely to result in some stringent regulations regarding cigarette smoking in the University buildings.

CAUSE OF BUCK'S DEATH.
Seized with Heart Failure While
Quail Hunting.

YOKOHAMA, Dec. 5.—Paralysis of the heart caused the death of United States Minister Alfred E. Buck, which occurred yesterday. The end was tragically sudden.

Mr. Buck was the guest of the Emperor in a duck hunt on the Shinjima preserves. A bird had been netted, and the minister, with a jocular remark, started to reset the net. Suddenly he fell, and without a word or groan expired instantaneously. He had suffered from a weak heart for some time. The flags on public buildings have been half-masted. The funeral has been set for Monday next.

WILL GRAFT SCALP ON A GIRL'S HEAD.

Her Hair Torn Off by a Sewing
Machine, She Must Be Sub-
jected to Unique Operation.

(Special to The Evening World.)
PITTSBURGH, Pa., Dec. 5.—A problem unprecedented in medical science is presented to the Mercy Hospital physicians in the case of Miss Barbara Nath who, on Wednesday last, was completely scalped by the catching of her auburn tresses in a sewing machine. Unless a graft can be made Miss Nath will be compelled to go through life with a wig, as no living friend has volunteered to sacrifice his or her scalp.

The doctors are therefore compelled to face the operation of making the hair of a newly dead body take root. The physicians at the hospital are arranging to perform the operation.

JUDGE CRANE CAUGHT THIEF.
Saw Him Steal Gaspipe and Chased
Him Two Blocks.

While Judge Frederick Crane, of the County Court, Brooklyn, was on his way to the elevated road station at Franklin avenue and Fulton street to-day he saw a man steal a piece of gaspipe from the back end of a wagon belonging to the Brooklyn Union Gas Company.

The Judge chased the thief and caught him after going two blocks. The man made no resistance. Judge Crane held him until a policeman arrived. Turning his prisoner over to the officer, the Judge continued on downtown and opened his court on schedule time. The man with the lead pipe gave his name as George Brown. He was held for further examination in the Myrtle Avenue Court.

SAVED OLD PUTNAM HOUSE.

Society Women Bought Home of
Revolutionary Hero to Preserve It.

WHITE PLAINS, N. Y., Dec. 5.—Society women of Greenwich and Portchester, who are members of the Putnam Hill Chapter, Daughters of the American Revolution, have decided to preserve the old Putnam House of revolutionary fame, by furnishing it with war relics and ancient furniture.

The house is a little stone structure near "Put" Hill, which was made world-renowned by the daring ride of Gen. Putnam, who escaped from the house and dashed down the hill pursued by British red coats. The house was to be put up at auction, but the women bought it in and began to-day to furnish it in true revolutionary style.
